

Kasturi Karobar

“Kasturi Karobar” is a digital record-keeping system for business owners. Now you can easily keep track of your customer and vendor account directly from the Kasturi Karobar application and get rid of the traditional file keeping system. Wherever you go, get your business within your mobile. In addition, keep notes and reminders regarding your business which will be helpful for you. Keeping in mind the problem of business owners we have come up with this solution.

**Extremely Advance And
Easy User Interface**

**High-end technological
infrastructure**

**Better result oriented
record keeping system**

**Handle your business on
your finger tips.**
